

Prayer

by Elias De Mohan

Our Mother and Father who art in Soul.

Hallowed is Thy love for us.

Let us receive Your gifts to share from above to below.

Lead us into doing Thy will to serve.

Guide us in the now to accept Thy darkness and light with grace.

Let us forgive our indiscretions with love, humour and light.

We accept the discipline and responsibilities to do what needs to be
done 'day by day' with joy.

Share Thy wisdom unto us to respect and support all Earth's creations
to fulfill Thy will to serve their cosmic purpose.

We are of Your cosmic creation in the 'I am that I am' to become
Suns of the Sun.
